

i feel the fcc ruling to create a dont call list possibly the most useful one to me during my lifetime.
but why do i receive from 2-3 messages per day at my home phone from some entity related to or on behalf of a political party or candidate? i dont want them. the didnt ask to be on a list for them. i am not affiliated with a party or registered to vote for a party. why must i be subjected to this insufferable, ignorant harassment?
